### **Sales Resume**

Currently living in and doing various National Commercials & Infomercials in the Los Angeles Area. Excels at representing anything related to Travel, Electronics, Health Food Products, Clothing, Fashion, Fashion Accessories, Home Decorations, Kitchen Gadgets, anything related to Movies, Music, Musical instruments and accessories, Sporting Goods, Automotive parts and accessories, and much more.

#### Over 20 year experience as **Convention and Tradeshow Hostess and Narrator**

Continue to work 4-8 times a month, 1-14 days per show throughout US and Europe. Each show requires learning about a different industry and then learning the details of that client's particular product as well as its competition. These years of experience have given me a large spectrum of knowledge about different products, industries and types of people. The extensive travel involved has afforded a first hand knowledge of many parts of the US, Europe and Asia as well as the travel industry. Many trade shows require writing or rewriting scripts, working with an ear prompter and using memorization. For tradeshow references and testimonials see the **Live Presenter** section of [www.AngelaBlevins.com](http://www.AngelaBlevins.com)

#### 15 years experience as **On Camera Infomercial Host**

Weekly infomercial on UPN Texas. These infomercials highlighted a different set of local businesses each week, from new car dealerships to custom furniture shops, art galleries, restaurants and nightclubs. They were unscripted, off the cuff interviews aimed at selling products or services. This job required thinking, speaking and selling on camera with little or no preparation. This paid television production beat national shows like David Letterman on a regular basis. Ratings reports available upon request. For a testimonial from Steve Munden see the **Hosting** section of [www.AngelaBlevins.com](http://www.AngelaBlevins.com)
